

## Paving That Lasts . . . . .

"The here today and gone tomorrow" paving contractor offers very attractive and mighty low bids. A few years later when the pavement starts to crack from heavy traffic and weather changes, the "low bid" becomes mighty expensive.

This organization has been in the paving business continuously since 1900. It has the technical knowledge, skilled personnel, equipment and contacts to give you the best in asphalt paving.

## Junior Boys', Girls' Club Sets New Meeting Dates

Meeting dates for the North Torrance Junior Boys and Girls Club have been changed to the first and third Friday of each month, according to Frank and Alberta Lush, club supervisors. The club, which now boasts between 50 and 75 members, has been conducting a membership drive during the summer. Hopes are that the club membership will be increased to 100 by the end of the drive on September 30.

During the summer months, club members under the supervision of Mr. and Mrs. Lush have been seeing movies, attending parties and swim outings, and working on hobbies and

handicrafts. It was also announced that Ira Hon had volunteered his services as woodcraft instructor for the club. He will teach club members the techniques of working with wood, the announcement said.

In connection with the drive for new members, Lush said new membership cards are in the hands of printers and that children joining now will get their cards soon.

All boys and girls between the ages of 6 and 12 may join.

## Real Estate, Insurance Classes Set

Courses in real estate procedures and practices, and in operation of casualty insurance will be offered at El Camino this fall in cooperation with local insurance and real estate groups.

A series of lectures on procedures and practices of real estate will be offered each Monday evening from 7 until 10, college officials have announced.

These courses will include subjects such as appraisal, exchanges, real estate law, advertising, listing, office management and financing.

Perry Connett and Paul Vonderah, local realtors, are on the advisory committee for this course.

Lectures on insurance will cover such subjects as burglary, fidelity and surety bonds, public liability and workmen's compensation. Classes will be each Wednesday evening.

Included on the advisory committee for this course are Harry Greenwood and Russell Lund of Torrance.

## Be Alert, Chief Stroh Tells Drivers

With the opening of schools in the city next Monday, thousands of children will be crossing the streets walking to and from school, Police Chief John Stroh reminded motorists this week.

"Many of the children on the streets next week will be walking alone for the first time," Stroh said.

"Even though police and school safety patrols are stationed at many streets to help them cross safely, only the driver can protect children crossing in unguarded intersections," he added.

The Chief of Police asked that drivers be especially alert in school areas and during the hours just preceding and after the school day.

"It's hard to predict when energetic youngsters may run into the street," he warned, "and we certainly don't want anyone run over."

**SECOND PLACE RIVER**  
The Mackenzie river, lying wholly within Canada, is the second largest in North America. Its average rate of discharge is 500,000 cubic feet a second.

## National Kids' Day Prize List Announced

Awards to be presented to winning entries in the "Kids World" parade here on National Kids' Day, Saturday, Sept. 23, were announced this week by Don Hitchcock, parade chairman. Three trophies will be awarded to the best floats in the parade, Hitchcock said, and three trophies will be awarded the top marching units.

Individual awards including valuable prizes will be awarded for the best in the bicycle, Hoppy, and Pet entries, and for the best individual costume in the parade, he said.

The parade will start at Post and Cravens at 10 a.m. on the 23rd to inaugurate the celebration of National Kids' day here. The day is annually sponsored by the Kiwanis clubs of America.

**BIGGEST YET**  
Committees of Kiwanians and Kids, under the chairmanship of Dr. G. M. Eastham, have been working for weeks to make this one of the biggest "Kids' Days" Torrance has had.

Service clubs have indicated that they will help with the celebration. Many are planning to enter floats in the parade, as are clubs, schools, and other groups.

The El Camino and Torrance High bands will march, and the Torrance Area Youth Band will be in the parade. The Accordionettes will also be in the parade, it has been indicated.

Hitchcock said that all entrants for the parade must be in the assembly area by 9:15 on the morning of the parade. There will be no previous entry, he said.

Following the parade, a carnival will open on the grounds at the High School stadium. The booths and carnival equipment will be put up after the game with Glendale on Friday night, Dr. Eastham said.

Younger set.  
Sponsored by the Tar'ar Teen club, the gala get-together will feature the sweet and dreamusic and the jam session that has made Gordon so popular with the teen set.  
Dancing will be from 8:30 until midnight.

## Deferment Rules For University Students Listed

Instructions for the deferment of college students were received by most colleges and universities this week, according to Selective Service officials.

According to a directive of the Selective Service headquarters, a local board may reopen the case of a registrant who has been classified 1-A and called to report for induction under the following circumstances:

1. If the registrant has completed at least one full year of college training.
  2. If the college can certify that the student's scholastic standing placed him among the upper half of his class.
  3. If the student has signified prior to August 1, 1950, his intention to enroll for a full-time course of instruction during the school year of 1950-51.
- College students meeting the above requirements may be considered for occupational deferment by the boards, the directive said.

When those students who qualify receive their orders for induction, they may apply for statements regarding enrollment and scholarship from the college or university and present these to the board for consideration.

**THEIR NUMBER IS LEGION**  
The number of civilian employees on the Federal government's payroll increased from 563,805 in December 1932 to 1,981,156 in December 1949. Total annual salaries and wages paid to these federal employees have soared from \$1 billion in 1932 to over \$6½ billion today.

**JOINS HOPPY PARADE . . .** Although no formal sign-up is required, two-year-old Tommy "Hopalong" Thompson climbed into his sign's togs this week to get his name on the dotted line for the "Hoppy Division" of the Kids' Day parade to be held here Sept. 23. It will be sponsored by the Kiwanis Club. (Herald photo).

## Teen Set Slates Final 'Back to School' Dance

Billed as a "Back-to-School" dance, one of the largest teenage recreation events of the year is scheduled for Sept. 9 in the Civic Auditorium.

That popular bunch of music-makers, Don Gordon and his orchestra, will provide the melodies for the affair. Gordon and his musicians have been playing at the recent teen-age whoop-de-dos in the Aud, and they have been received heartily by the
